BYE-LAWS FRAMED BY THE CITY OF BANGALORE MUNICIPAL CORPORATION UNDER SUB-SECTION (4) OF SECTION 240 AND CLAUSES (a) AND (b) OF SUB-SECTION (12) OF SECTION 367 OF THE CITY OF BANGALORE MUNICIPAL CORPORATION ACT, 1949 (ACT LXIX OF 1949), FOR THE REGULATION OF BUILDING AND FOR DETERMINING THE INFORMATION AND PLANS TO BE SUBMITTED WITH APPLICATIONS TO BUILD.

Building Sites.—1. No piece of land shall be used as a site for the construction of a building,—

(i) if the Commissioner considers that the site is insanitary or that it is dangerous to construct a building on it;

(ii) if the site is within thirty feet of the highest water mark of a tank, unless the owner satisfies the Commissioner that he will take such measures as will prevent any risk of the domestic drainage of the building passing into the tank;

(iii) if the owner of the building has not shown to his satisfaction all the measures required to safeguard the construction from constantly getting damp;

(iv) if the construction of the building thereon is for public worship, which in the opinion of the Corporation will wound the religious feelings of any class of persons in the vicinity thereof;

(v) if the site is not drained properly or is incapable of being well drained;

(vi) if the site is filled up tank, or has been filled up with or used for depositing rubbish, offensive matter or sewage, unless the Health Officer has examined the site and granted a certificate to the effect that it is, from a sanitary point of view, fit to be built upon;

(vii) if the building is to abut on a street, unless the site is of such shape that the face of the building can be made parallel to the line of the street or as nearly parallel to the said line as the Commissioner may allow;

(viii) if the use of the said site is for the purpose of establishing a factory, ware-house or work-place, which in the opinion of the Commissioner will be a source of annoyance to the health and well-being of the inhabitants of the neighbourhood.

Provided that any person aggrieved by the decision of the Commissioner may within thirty days of the date of such communication of the decision, appeal to the Standing Committee whose decision shall be final and binding on the applicant.

Notice to be given.—2. (*a*) Every owner of a land or building intending to construct or re-construct any building or well or hut shall give notice within the meaning of sections 244, 255 or 256 of the City of Municipal Corporation Act, 1949, of his intention to the Commissioner according to the Form appended to these Bye-laws.

(*b*) The power of sanctioning or refusing to sanction such building shall be exercised by the Commissioner.

(*c*) The Commissioner may refuse permission for the use of a site for the construction of a building for any specified purpose if he is satisfied that its use will be detrimental to the health and comfort of the locality.

Plans to be furnished.—3. Every person giving such notice shall submit therewith the following:—

(i) A copy of the title-deed of the site on which the construction or re-construction is proposed, if called for.

(ii) A challen for payment into the Corporation Treasury of the fees as specified in bye-law No. 4 below.

(1) Goods shall be allowed to remain 24 hours free of charge.

(2) After that period fees shall be charged for seven days or portion thereof as laid down in Schedule V.

(3) Double fees shall be charged after seven days provided that the Commissioner may, in his discretion allow a reduction in, or exemption from, such penal fees.

19. The Commissioner may permit any wholesale dealer to occupy a room in the Bonded Warehouse for the storing of dutiable articles intended for sale to retain dealers in the Corporation limits and may make such rules regarding the occupation of such rooms as may from time to time be found necessary.

20. When goods stored by a wholesale dealer in the Bonded Warehouse under the above rule are issued on payment of duty, such allowance may be made on the original weight on account of materials used in the packing or on account of reduction of weight owing to dryage or wastage as may from time to time be fixed by the Commissioner.

21. All perishable commodities remaining uncleared or unclaimed after 48 hours shall be sold by public auction to the highest bidder at the Bonded Warehose. All other goods uncleared or unclaimed for a longer period than six months shall be sold in like manner, provided that before selling such goods, notice of such sale be posted for seven days at the Bonded Warehouse and at the Corporation Office, and provided that the goods shall be sold earlier when the storage fees are likely to exceed their value.

(HEALTH OF LIVE-STOCK DURING DECEMBER 1951.)

Notification dated 18th January 1952.

In their order of severity, outbreaks of Rinderpest, Blackquarter, Sheep-pox, Anthrax, Hæmorrhagic-septicæmia, Foot and Mouth, Ranikhet, Contagious-goat pleuro-pneumonia, and Rabies were encountered in the State during December 1951. Altogether 118 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 253 villages during the previous month. The number of outbreaks was highest in Kolar, Tumkur and Bangalore Districts, while Mandya, Hassan and Chikmagalur Districts were least affected. These diseases accounted for 690 attacks, of which 409 succumbed. The departmental staff conducted 20,590 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention other prophylactic measures were adopted against Foot and Mouth disease.

Six outbreaks of Rinderpest were registered in Thirthahalli Taluk accounting for 54 attacks among cattle, of which 14 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 3,092 cattle in 44 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 107 villages accounting for 20 deaths, as against 103 villages accounting for 14 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 10,231 animals, as against 7,667 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.

OFFICE OF THE DIRECTOR OF ANIMAL HUSBANDRY SERVICES IN MYSORE, BANGALORE.

(HEALTH OF LIVE-STOCK DURING JANUARY 1952.)

Notification dated 15th February 1952.

In their order of severity, outbreaks of Rinderpest, Foot and Mouth, Blackquarter, Sheep-pox, Anthrax, Ranikhet, Hæmorrhagic-septicæmia and Rabies were encountered in the State during January 1952. Altogether 219 villages were reported to have been affected by one or the other of the several contagious and infectious diseases, as against 118 villages during the previous month. The number of outbreaks was highest in Tumkur, Mysore and Bangalore Districts, while Shimoga, Hassan and Chikmagalur Districts were least affected. These diseases accounted for 1,836 attacks, of which 684 succumbed. The departmental staff conducted 39,130 preventive inoculations and vaccinations against all the above diseases except Foot and Mouth disease. In the absence of a reliable method of vaccinatory intervention, other prophylactic measures were adopted against Foot and Mouth disease.

Four outbreaks of Rinderpest were registered in Koppa and Hosanagar Taluks accounting for 26 attacks among cattle, of which 19 succumbed. Prompt measures of control were undertaken by the Department to check its spread and 1,499 cattle in the infected villages and 4,340 cattle in 71 neighbouring villages were protected against this disease. The disease appears to be well under control at the end of the month under report.

Diseases caused by internal parasites were reported from 106 villages accounting for 34 deaths, as against 107 villages accounting for 20 deaths during the previous month. The special staff attached to the parasitic disease control units of the Department dosed 8,460 animals, as against 10,231 animals during the previous month.

The rest of the live-stock remained free from diseases during the month, and fodder and water were generally available throughout the State.
